

Jane Goodall Institute Belgium

## Internship program

JGI Belgium runs an internship program.

We seek exceptional people who have thought about the world around them and are committed to making it a better place.

If you would like to know more about this program or if you are a student and would like to get involved in the JGI Roots&Shoots Belgium through our university network, please email : [info@janegoodall.be](mailto:info@janegoodall.be)

## What our previous interns say:

Jade: *"I chose JGIB because it is an association that shares the same values as mine: protecting and helping animals, people and the environment. Thanks to JGIB, I was able to work on a panel of tasks in public relations and was never bored."*

Morgan: *"Interning as an event coordinator at Jane Goodall Institute Belgium has allowed me to utilize my organizational skills, collaborate with other inspiring individuals, and experience the work environment in a foreign country."*

Pavla: *"Thanks to the Erasmus+ programme, I was able to spend 6 months in Brussels. Working as an intern at JGI Belgium was a life-changing experience for me because I was given the opportunity to work with a lot of committed volunteers, who are doing their best to work towards the JGI objectives."*

Maggie: *"I was able to gain very valuable work experience that I can use in a future career. I was able to discover more about marketing and fundraising for a non-profit organization than I would ever learn in a classroom, and at the same time I was able to make life-long friends with all the passionate volunteers, members, and other interns. The opportunity to gain valuable experience in my field of study as well as work for a cause that I whole-heartedly believe in, created one of the best experiences of my life."*
